## Life cycle management of concrete structures - Part 3: Execution stage

---

### Contents

Page

- Foreword ..... iv
- Introduction ..... v
- 1 Scope ..... 1
- 2 Normative references ..... 1
- 3 Terms and definitions ..... 1
- 4 Life cycle management in execution stage ..... 2
  - 4.1 General ..... 2
  - 4.2 Indicators for life cycle management ..... 2
  - 4.3 Formulation of execution plan ..... 3
  - 4.4 Formulation of inspection plan ..... 3
  - 4.5 Execution information ..... 3
    - 4.5.1 Execution plan and execution specification ..... 3
    - 4.5.2 Materials ..... 3
    - 4.5.3 Details of execution ..... 4
    - 4.5.4 Meteorological data ..... 4
    - 4.5.5 Quality control record ..... 4
    - 4.5.6 Inspection record ..... 4
    - 4.5.7 Environmental management record ..... 4
    - 4.5.8 Repair record ..... 4
  - 4.6 Items to be recorded ..... 4
  - 4.7 Feedback to execution plan ..... 5
- 5 Transfer of execution information ..... 5
  - 5.1 General ..... 5
  - 5.2 Information transfer to use stage ..... 5
  - 5.3 Information transfer to end-of-life stage ..... 5
  - 5.4 Information transfer to structural planning and design stage ..... 5
  - 5.5 Information storage and access ..... 5
- Annex A (informative) Items of execution information ..... 6
- Annex B (informative) Execution information classes ..... 7
