European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 General 7

5 Requirements 7

6 Apparatus 8
6.1 Explosive test range 8
6.2 Reaction structure 8
6.3 Connections 9
6.4 Equipment for measuring 9

7 Explosive charge 10

8 Test specimen 11

9 Procedure 11
9.1 Installation 11
9.2 Test - Explosion pressure resistance (PXR, VXR) 12
9.3 Pressure or impulse outside the specified tolerances 12
9.4 Test in open condition 13

10 Sequence of the test 13

11 Evaluation of results 14
11.1 General 14
11.2 Internal hazard class 14
11.3 Optional external hazard rating 16
11.4 Classification 17
11.5 Validity of results 17

12 Test report 17

13 Test report summary 19
