NCI -- Bibliography 14

Figures

Figure NA.1 — Examples of bolt configurations for trapezoidal sheeting and sandwich panels (including cold-formed sections) 10

Figure NA.2 — Moment-rotation relationship of sandwich panels 11

Tables

Table NA.1 — Rotational spring stiffness C_{100} of thermally insulated trapezoidal steel sheeting subjected to gravity loading, with t_{nom} ≥ 0,75 mm 7

Table NA.2 — Parameters characterizing the moment-rotation relationship of sandwich panels 12

Table NA.3 — Coefficients c_1 and c_2 for use in Formula (NA.12), Formula (NA.13) and Formula (NA.14) 12
