# DIN EN 206-2:2026-07 (E)

## Concrete - Specification, performance, production and conformity - Part 2: Conformity assessment and certification

## Contents

Page

European foreword ..... 3

Introduction ..... 4

1 Scope ..... 5

2 Normative references ..... 5

3 Terms and definitions ..... 5

4 Symbols and abbreviations ..... 7

5 Conformity assessment and assessment criteria ..... 7
5.1 General ..... 7
5.2 Conformity assessment for designed concrete ..... 8
5.2.1 Conformity assessment for compressive strength ..... 8
5.2.2 Conformity assessment for tensile strength ..... 10
5.2.3 Conformity assessment for exposure resistance classes ..... 10
5.2.4 Conformity assessment for properties other than strength and exposure resistance classes ..... 10
5.3 Conformity assessment of prescribed concrete ..... 12
5.4 Actions in the case of non-conformity of the product or in case of negative assessments.13 6 Certification ..... 13

Annex A (informative) Rules of application of control charts ..... 14

Annex B (informative) Example of a certification scheme for factory production control ..... 16

Bibliography ..... 19
