Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 General aspects of environmental performance assessment 3
4.1 Overview 3
4.2 Aim of assessment 3
4.3 Interested party's understanding of environmental performance 3
4.4 Relevance to local context 5

5 Framework for assessment of environmental performance 5
5.1 General 5
5.2 Intended use of method 6
5.3 System boundary 9
5.4 Statement of assumptions 10
5.5 Structured list of issues for environmental assessment 11
5.6 Methods for quantification of environmental performance 15
5.7 Sources of information 17
5.8 Evaluation and interpretation 17
5.9 Reporting of assessment results and report format 18
