

ISO 22475-1:2006-09 (E)

Geotechnical investigation and testing - Sampling methods and groundwater measurements - Part 1: Technical principles for execution

Contents		Page
Foreword		vii
Introduction		viii
1	Scope	1
2	Normative references	1
3	Terms and definitions	2
3.1	Site investigation methods	2
3.2	Drilling rigs and equipment	3
3.3	Sampling	3
3.4	Groundwater measurements	8
4	Drilling rigs and ancillary equipment	10
4.1	General	10
4.2	Requirements for the drilling rigs and equipment	10
4.3	Equipment scope	10
5	General requirements prior to sampling and groundwater measurements	11
5.1	General	11
5.2	Selection of techniques and methods	11
5.3	Requirements for ground investigation sites and points	11
5.4	Preliminary information needed before starting sampling and groundwater measurements	12
5.5	Backfilling and site abandonment	13
5.6	Safety and special requirements	13
6	Soil sampling methods	13
6.1	General	13
6.2	Categories of soil sampling methods	13
6.3	Sampling by drilling (continuous sampling)	14
6.4	Sampling using samplers	20
6.5	Block sampling	27
7	Rock sampling methods	29
7.1	General	29
7.2	Categories for rock sampling methods	29
7.3	Sampling by drilling	32
7.4	Block sampling	33
7.5	Integral sampling	33
8	Groundwater sampling methods for geotechnical purposes	33
8.1	General	33
8.2	Equipment	34
8.3	Techniques of groundwater sampling	34
9	Groundwater measuring stations and piezometers	35
9.1	General	35
9.2	Piezometers	36
9.3	Installation of piezometers	40

9.4	Maintenance	43
9.5	Decommissioning	44
10	Groundwater measurements	44
10.1	Calibration	44
10.2	Performance of the measurements	44
11	Handling, transport and storage of samples	45
11.1	General	45
11.2	Preservation materials and sample containers	46
11.3	Handling of samples	46
11.4	Labelling of samples	47
11.5	Transport of samples	47
11.6	Preparation of storage and shipping containers	49
11.7	Storage of samples	50
12	Report	50
12.1	Field report	50
12.2	Report of the results	56
Annex A (informative) Example of a form for the preliminary information on the intended sampling and groundwater measurements		58
Annex B (informative) Field reports		60
Annex C (informative) Drilling and sampling equipment for soil and rock		69
Annex D (informative) Vacuum bottles for groundwater sampling		115
Annex E (informative) Protective measures of piezometers		117
