DIN EN 15318:2008-01 (E)

Design and application of gypsum blocks

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 5

4 Design 6
4.1 General 6
4.2 Materials 6
4.3 Structure and Functions 6
4.3.1 General 6
4.3.2 Dividing or separating partitions 7
4.3.3 Backing partitions 7
4.3.4 Ducts 7
4.3.5 Lining of posts 7
4.4 Specific structural requirements 7
4.4.1 General 7
4.4.2 Damp rooms 7
4.4.3 Walls exposed to impacts 8
4.4.4 Safety in the event of fire 8
4.4.5 Protection against noise 8
4.4.6 Overhanging partitions 8
4.5 Requirements 8
4.5.1 Mechanical strength and stability 8
4.5.2 Fire behaviour 8
4.5.3 Safety in use 9
4.5.4 Noise protection 11
4.5.5 Energy saving and thermal insulation: thermal resistance of structures 12
