|--------------------|---|-------------|
| Foreword .....     |   | 3           |
| Introduction ..... |   | 4           |
| 1                  | Scope .....   | 4           |
| 2                  | Normative references .....  | 5           |
| 3                  | Terms and definitions .....   | 5           |
| 4                  | Methods of application and classes of PVC coatings .....                    | 6           |
| 5                  | Requirements and testing methods for the PVC coating material .....         | 6           |
| 5.1                | Requirements .....  | 6           |
| 5.1.1              | General .....   | 6           |
| 5.1.2              | The PVC organic coating composition .....                                   | 6           |
| 5.1.3              | PVC organic coating material consistency .....                              | 6           |
| 5.2                | Test methods .....  | 7           |
| 6                  | Requirement and test on the PVC coating on wire .....                       | 7           |
| 6.1                | Requirements .....  | 7           |
| 6.2                | Test methods .....  | 7           |
| 7                  | Performance requirements and testing methods for PVC coatings on wire ..... | 8           |
| 7.1                | Performance requirements .....  | 8           |
| 7.2                | Test methods for performance appraisal .....                                | 8           |
| 8                  | Retests .....   | 8           |
| 9                  | Inspection and quality assurance .....                                      | 8           |
| Bibliography ..... |   | 9           |
