Foreword iv

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Classification 2

5 Material 2

6 Preparation of test specimens 3

7 Sampling 3

8 Requirements 3

9 Packaging, marking and information to be supplied by manufacturer 4

Annex A (normative) Determination of net setting time 7

Annex B (informative) Chemical composition and applications of dental cements 9

Annex C (normative) Determination of film thickness (luting cements only) 10

Annex D (normative) Determination of compressive strength 12

Annex E (normative) Determination of acid erosion 14

Annex F (normative) Determination of optical properties (polyalkenoate restorative cements only) 17

Annex G (normative) Determination of acid-soluble arsenic and lead contents 20

Annex H (normative) Determination of radio-opacity 21
