

DIN EN ISO 6876:2012-10 (E)

Dentistry - Root canal sealing materials (ISO 6876:2012)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Requirements	6
4.1	Components	6
4.2	Microbiological hazard	6
4.3	Physical and mechanical properties	6
4.4	Sampling	7
4.5	Test conditions	7
4.6	Preparation of material for testing	7
5	Test methods	7
5.1	Extraneous matter	7
5.2	Flow	7
5.3	Working time	8
5.4	Setting time	8
5.5	Film thickness	9
5.6	Solubility	9
5.7	Radio-opacity	10
6	Packaging, marking and information to be supplied by the manufacturer	11
6.1	General	11
6.2	Packaging	11
6.3	Marking	11
6.4	Manufacturer's information and instructions for use	11
