

DIN EN ISO 11499:2014-09 (E)

Dentistry - Single-use cartridges for local anaesthetics (ISO 11499:2014)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Requirements	5
4.1	Freedom from leakage of anaesthetic solution	5
4.2	Force needed for plunger movement	6
4.3	Size of air bubble	6
4.4	Biocompatibility	6
4.5	Extractable volume	6
4.6	External dimensions of the assembled cartridge	6
4.7	Colour coding	6
5	Test methods	8
5.1	Sampling	8
5.2	Test conditions	8
5.3	Visual inspection	8
5.4	Cartridge leakage	8
5.5	Force needed for plunger movement	9
5.6	Size of air bubble	10
5.7	Extractable volume	11
6	Marking	11
6.1	Primary container	11
6.2	Secondary container	11
