DIN EN ISO 13116:2015-03 (E)

Dentistry - Test Method for Determining Radio-Opacity of Materials (ISO 13116:2014)

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Termsanddefinitions 4

4 Requirements 4

5 Sampling 4

6 Apparatus 5
6.1 Suitable moulds for constructing samples of the test-material 5
6.2 Screw micrometer gauge, or equivalent device 5
6.3 Aluminium step wedge 5
6.4 Dental X-ray unit 5
6.5 Dental X-ray sensor 5

7 Test conditions and procedures 6
7.1 Test conditions 6
7.2 Preparation of test specimens 6
7.3 Test procedure for analogue equipment 6
7.4 Test procedure for digital equipment 6

8 Treatment of results 7
