Dentistry - Test Method for Determining Radio-Opacity of Materials (ISO 13116:2014)

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	Requirements	4
5	Sampling	4
6	Apparatus	5
6.1	Suitable moulds for constructing samples of the test-material	5
6.2	Screw micrometer gauge, or equivalent device	5
6.3	Aluminium step wedge	5
6.4	Dental X-ray unit	5
6.5	Dental X-ray sensor	5
7	Test conditions and procedures	6
7.1	Test conditions	6
7.2	Preparation of test specimens	6
7.3	Test procedure for analogue equipment	6
7.4	Test procedure for digital equipment	6
8	Treatment of results	7
