

ISO 19490:2017-06 (E)

Dentistry - Sinus membrane elevator

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Classification	2
5	Requirements	2
5.1	Material of the working end	2
5.2	Material for the handle	2
5.3	Dimensions	2
5.4	Surface finish	2
5.5	Resistance to reprocessing	2
5.6	Hardness of the working end	2
5.7	Connection of shank and handle	2
5.8	Shape of working end	2
6	Test method	4
6.1	Measurement of length	4
6.2	Test on surface finish	4
6.3	Test on resistance to reprocessing	4
6.4	Hardness test	4
6.5	Connection of shank and handle	4
6.5.1	Test under tensile force	4
6.5.2	Test under torque	4
7	Marking	4
7.1	Marking on the instrument	4
7.2	Labelling on the package	4
7.3	Instructions for use	4
