## Dentistry - Sinus membrane elevator

---

Contents		Page
Foreword .....		iv
Introduction .....		v
1 Scope .....	1	
2 Normative references .....	1	
3 Terms and definitions .....	1	
4 Classification .....	2	
5 Requirements .....	2	
5.1 Material of the working end .....	2	
5.2 Material for the handle .....	2	
5.3 Dimensions .....	2	
5.4 Surface finish .....	2	
5.5 Resistance to reprocessing .....	2	
5.6 Hardness of the working end .....	2	
5.7 Connection of shank and handle .....	2	
5.8 Shape of working end .....	2	
6 Test method .....	4	
6.1 Measurement of length .....	4	
6.2 Test on surface finish .....	4	
6.3 Test on resistance to reprocessing .....	4	
6.4 Hardness test .....	4	
6.5 Connection of shank and handle .....	4	
6.5.1 Test under tensile force .....	4	
6.5.2 Test under torque .....	4	
7 Marking .....	4	
7.1 Marking on the instrument .....	4	
7.2 Labelling on the package .....	4	
7.3 Instructions for use .....	4	
Bibliography .....	5
