ISO 20570:2018 (E)

Dentistry — Oral surgical scalpel handle

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Classification

5 Requirements

- 5.1 Shape
- 5.2 Dimensions
- 5.2.1 Maximum overall length
- 5.2.2 Dimensions of fitting feature
- 5.2.3 Dimensions of the shank
- 5.2.4 Angle between the handle and the working tip
- 5.3 Materials
- 5.4 Surface finish
- 5.5 Resistance to reprocessing
- 5.6 Hardness
- 5.7 Security of attachment

6 Measurement and test methods

- 6.1 Measurement of dimensions
- 6.2 Test on surface finish
- 6.3 Test on resistance to reprocessing
- 6.4 Hardness test
- 6.5 Security of attachment

7 Marking, labelling and instructions for use

- 7.1 Marking on the scalpel handle
- 7.2 Labelling on the package
- 7.3 Instructions for use
