|--|--|-------------|
| Foreword .....   |  | iv          |
| <b>A1</b> Foreword to Amendment <b>A1</b> .....                  |  | v           |
| <b>1</b> Scope .....   |  | 1           |
| <b>2</b> Normative references .....                              |  | 1           |
| <b>3</b> Terms and definitions .....                             |  | 1           |
| <b>4</b> Symbols .....   |  | 3           |
| <b>5</b> Requirements .....                                      |  | 3           |
| 5.1 Material .....   |  | 3           |
| 5.1.1 Blank .....  |  | 3           |
| 5.1.2 Shank hardness .....                                       |  | 3           |
| 5.1.3 Working part .....   |  | 3           |
| 5.2 Designation, colour code, grit sizes .....                   |  | 3           |
| 5.2.1 Designation .....  |  | 3           |
| 5.2.2 Colour code .....  |  | 3           |
| 5.2.3 Grit size distribution .....                               |  | 4           |
| 5.2.4 Grit sizes .....   |  | 4           |
| 5.3 Dimensions .....   |  | 4           |
| 5.3.1 Designated dimensions of overall length .....              |  | 4           |
| 5.3.2 Designated dimensions of the shank .....                   |  | 6           |
| 5.3.3 Dimensions of working part .....                           |  | 6           |
| 5.4 Bending test to verify the instrument strength .....         |  | 7           |
| 5.4.1 General .....  |  | 7           |
| 5.4.2 Effect on run-out .....                                    |  | 7           |
| 5.4.3 Breaking test .....  |  | 7           |
| 5.5 Resistance to processing and reprocessing .....              |  | 8           |
| <b>6</b> Measurement and test methods .....                      |  | 8           |
| 6.1 Sampling .....   |  | 8           |
| 6.2 Testing of the dimensions .....                              |  | 9           |
| 6.3 Testing of the run-out .....                                 |  | 9           |
| 6.4 Testing of resistance to processing and reprocessing .....   |  | 9           |
| 6.4.1 Sampling .....   |  | 9           |
| 6.4.2 Equipment .....  |  | 9           |
| 6.4.3 Reagent .....  |  | 9           |
| 6.4.4 Preparation of the test piece .....                        |  | 9           |
| 6.4.5 Procedure .....  |  | 9           |
| 6.5 Visual inspection .....                                      |  | 9           |
| <b>7</b> Marking and packaging .....                             |  | 10          |
| 7.1 Marking on diamond rotary instruments .....                  |  | 10          |
| 7.2 Labelling on the package .....                               |  | 10          |
| <b>8</b> Instructions for use, processing and reprocessing ..... |  | 10          |
| Bibliography .....   |  | 11          |
