Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Requirements for the water supply 3
4.1 General 3
4.2 Materials used for construction of procedural water systems within the dental unit 3
4.3 Backflow prevention for systems using municipal water 4
4.4 Cuspidor 4
4.5 Water venturi 5
4.6 Particle filter 5
4.7 Bottled water system supplying incoming water or solution 5
4.8 Retraction 5
4.9 Water-disinfection systems 5

5 Requirements for the air supply 5
5.1 General 5
5.2 Particle filters 5
5.3 Antibacterial filters 5

6 Tests 6
6.1 Cuspidors 6
6.2 Water venturi 6
6.3 Systems using municipal water 6
6.4 Bottled water system supplying procedural water or solution 6
6.5 Retraction 6
6.6 Particle filters 6
6.7 Antibacterial air filters 7
6.8 Water-disinfection systems 7

7 Manufacturer's instructions and information for use 7
