Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Service requirements 4

5 Leadership 5
5.1 Leader qualifications and quantities 5
5.2 Assistant competencies 5

6 Participants 6
6.1 Profile collection 6
6.2 Information analysis 6

7 Equipment 7
7.1 Equipment availability and quantities 7
7.1.1 General 7
7.1.2 Collective equipment 7
7.1.3 Individual equipment 7
7.2 Equipment maintenance, cleaning and sanitizing 8

8 Participant preparation 9
8.1 Information for participants 9
8.1.1 General 9
8.1.2 Knowledge of risks and responsibilities 9
8.2 Participant instruction 10

9 Safety and insurance requirements 10
9.1 General 10
9.2 Prevention of risks and safety measures 10
9.3 Communication 11
9.4 Specific requirements for self-guided routes 11

10 Risk management 12
10.1 Risk analysis and assessment 12
10.2 Hazard and risk inventory 12
10.3 Risk treatment 13
10.4 Emergency preparedness and response 13

11 Service completion 14

12 Service control 14
12.1 General requirements 14
12.2 Records 15
12.2.1 Maintaining a registration system 15

12.2.2 Suggestion and critical records 15
12.2.3 Incident recording, including accidents 15
12.3 Procedures 16
12.4 Critical service review 16

13 Social and environmental mitigation and conservation 16

14 Routeclassification 17
14.1 General requirements 17
14.2 Classification criteria 17
14.3 Classification procedures 17
14.3.1 General 17
14.3.2 Severity of the environment 18
14.3.3 Route navigation orientation 19
14.3.4 Terrain conditions 19
14.3.5 Physical exertion 20
