ISO/TS 31514:2025-11 (E)

Requirements and recommendations for food traceability in cold chain logistics

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 General rules **3**

5 Establishment of traceability system **3**
5.1 Traceability information 3
5.2 Traceability identifiers 5
5.3 Temperature record 5

6 Temperature information collection **6**
6.1 Transport link 6
6.2 Warehousing link 7
6.3 Loading and unloading link 7
6.4 Delivery link 7

7 Traceability information management **8**
7.1 Information storage 8
7.2 Information exchange 8

8 Traceability implementation **8**

Annex A (informative) **Measurement of product temperature in food cold chain logistics** **9**

Annex B (informative) **Examples of temperature ranges** **11**

Bibliography **12**
