Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Accuracy of measurements .....	1
5	Power correction factors .....	2
5.1	Definition .....	2
5.2	Reference atmospheric conditions .....	2
5.3	Test atmospheric conditions .....	2
5.4	Determination of correction factor .....	2
6	Conditions of measurement .....	3
7	Operating method .....	3
7.1	General .....	3
7.2	Procedure .....	4
7.2.1	Determination of the peak power and peak torque engine speed .....	4
7.2.2	Determination of the power curve and fuel consumption curve .....	4
8	Test report .....	4
