ISO 1503:2008-08 (E)

Spatial orientation and direction of movement - Ergonomic requirements

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Design of spatial orientation and direction of movement 6
4.1 General 6
4.2 Ergonomic design of user interface (UI) with respect to orientation and direction 6
4.3 Steps in direction design 6
4.4 Design requirements/recommendations for human-machine interface (HMI) 7
4.5 Design recommendations for graphical user interfaces (GUI) 11
4.6 Design recommendations for combined control systems 17

5 Conformance 18
5.1 Applying requirements and recommendations 18
5.2 Evaluation of products 18

Annex A (informative) Constituent factors of usability 19

Annex B (normative) Reference model for spatial orientation and direction of movement 20

Annex C (informative) Flow of human-centred design activities 31

Annex D (informative) Spatial orientation and direction of movement design checklist 32
