Introduction 6

1 Scope 7

2 Normative references 7

3 Terms and definitions 8

4 Procedure for applying this part of ISO 9241 10

5 Performance criterion 12

6 Properties of physical input devices relevant for usability 12

7 Generic design requirements for physical input devices 12

8 Device-specific design requirements 16

9 Documentation 17

!10 Conformance 17

Annex A (informative) Overview of the ISO 9241 series 18

Annex B (normative) Keyboards 22

Annex C (normative) Computer mice 42

Annex D (normative) Pucks 52

Annex E (normative) Joysticks 60

Annex F (normative) Trackballs 68

Annex G (normative) Touchpads 76

Annex H (normative) Tablets and overlays 83

Annex I (normative) Styli and light-pens 93

Annex J (normative) Touch-sensitive screens 99

Annex K (informative) Designing input devices to accommodate diverse users 104
