DIN EN ISO 11064-4:2014-03 (E)

Ergonomic design of control centres - Part 4: Layout and dimensions of workstations (ISO 11064-4:2013)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Termsanddefinitions 5

4 Initial control workstation layout considerations 7

5 Factors determining control workstation design 8
5.1 General user considerations 9
5.2 Visual tasks 13
5.3 Auditory tasks 14
5.4 Working postures 14

6 Control workstation layout 16
6.1 General layout considerations 17
6.2 Layout requirements 18

7 Control workstation dimensions 21
7.1 Dimension considerations 21
7.2 Seated control workstations 21
7.3 Standing control workstations 22

Annex A (informative) Arranging displays and control workstations 23

Annex B (informative) Conformance matrix 34
