

# DIN EN ISO 7726:2021-03 (E)

## Ergonomics of the thermal environment - Instruments for measuring physical quantities (ISO 7726:1998)

---

| <b>Contents</b>                                                                                                         | <b>Page</b> |
|-------------------------------------------------------------------------------------------------------------------------|-------------|
| Foreword .....                                                                                                          | 3           |
| Annex ZA (normative) Normative references to international publications with their relevant European publications ..... | 4           |
| Foreword .....                                                                                                          | 5           |
| Introduction .....                                                                                                      | 6           |
| 1 Scope .....                                                                                                           | 7           |
| 2 Normative references .....                                                                                            | 7           |
| 3 General .....                                                                                                         | 7           |
| 4 Measuring instruments .....                                                                                           | 8           |
| 5 Specifications relating to measuring methods .....                                                                    | 11          |
| Annex A Measurement of air temperature .....                                                                            | 18          |
| Annex B Measurement of the mean radiant temperature .....                                                               | 20          |
| Annex C Measurement of plane radiant temperature .....                                                                  | 34          |
| Annex D Measurement of the absolute humidity of the air .....                                                           | 41          |
| Annex E Measurement of air velocity .....                                                                               | 51          |
| Annex F Measurement of surface temperature .....                                                                        | 54          |
| Annex G Measurement of operative temperature .....                                                                      | 55          |
| Annex H Bibliography .....                                                                                              | 57          |
