

ISO/IEC 17549-1:2022-05 (E)

Information technology - User interface requirements and recommendations on menu navigation - Part 1: Frame work

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Conformance	2
5	Framework of the ISO/IEC 17549 series	2
5.1	Software interfaces	2
5.2	Menus heterogeneity	2
5.2.1	Manipulation of menus	2
5.2.2	Several menus on different devices	3
5.2.3	Same menu for different users	3
5.2.4	Hardware interfaces (devices)	3
5.3	Menu accessibility	3
5.3.1	General requirements	3
5.3.2	Cognitive aspect	3
5.3.3	Perceptual aspect	4
5.3.4	Motor and speech ability aspect	4
5.4	Displays and commands coherency	4
5.4.1	Global coherency	4
5.4.2	Coherency between interface rendering and navigation commands	5
5.4.3	Horizontally displayed menus	5
5.4.4	Vertically displayed items	6
5.4.5	Items horizontally organized in a tile menu	6
5.4.6	Items vertically organized in a tile menu	7
5.5	Interface action means	8
5.5.1	Minimal requirement about interface action means	8
5.5.2	Direct action (pointing, gesture shortcut, key shortcut, vocal shortcut)	8
