

ISO/IEC 17549-1:2022-05 (E)

Information technology - User interface requirements and recommendations on menu navigation - Part 1: Frame work

Contents	Page
Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Terms and definitions	1
4 Conformance	2
5 Framework of the ISO/IEC 17549 series	2
5.1 Software interfaces	2
5.2 Menus heterogeneity	2
5.2.1 Manipulation of menus	2
5.2.2 Several menus on different devices	3
5.2.3 Same menu for different users	3
5.2.4 Hardware interfaces (devices)	3
5.3 Menu accessibility	3
5.3.1 General requirements	3
5.3.2 Cognitive aspect	3
5.3.3 Perceptual aspect	4
5.3.4 Motor and speech ability aspect	4
5.4 Displays and commands coherency	4
5.4.1 Global coherency	4
5.4.2 Coherency between interface rendering and navigation commands	5
5.4.3 Horizontally displayed menus	5
5.4.4 Vertically displayed items	6
5.4.5 Items horizontally organized in a tile menu	6
5.4.6 Items vertically organized in a tile menu	7
5.5 Interface action means	8
5.5.1 Minimal requirement about interface action means	8
5.5.2 Direct action (pointing, gesture shortcut, key shortcut, vocal shortcut)	8
