

# ISO/IEC 24661:2023-05 (E)

## Information technology - User interfaces - Full duplex speech interaction

---

| <b>Contents</b>    |  | <b>Page</b> |
|--------------------|--|-------------|
| Foreword .....     |  | iv          |
| Introduction ..... |  | v           |
| 1                  | Scope .....  | 1           |
| 2                  | Normative references .....   | 1           |
| 3                  | Terms and definitions .....  | 1           |
| 4                  | Symbols and abbreviated terms .....  | 3           |
| 5                  | Overview of FDX speech interaction UI .....                                    | 3           |
| 5.1                | Functional view .....  | 3           |
| 5.2                | Main characteristics .....   | 4           |
| 5.2.1              | General .....  | 4           |
| 5.2.2              | Continuous .....   | 5           |
| 5.2.3              | Natural .....  | 5           |
| 5.2.4              | Adaptable .....  | 5           |
| 5.2.5              | Initiative .....   | 5           |
| 5.2.6              | Context-based .....  | 5           |
| 5.2.7              | Knowledge-based .....  | 5           |
| 5.2.8              | Model-based .....  | 5           |
| 6                  | Reference architecture of FDX speech interaction UI .....                      | 5           |
| 6.1                | General .....  | 5           |
| 6.2                | Interaction tasks .....  | 6           |
| 6.3                | Functional components .....  | 7           |
| 6.3.1              | General .....  | 7           |
| 6.3.2              | Acoustic acquisition .....   | 7           |
| 6.3.3              | Speech recognition .....   | 9           |
| 6.3.4              | Conversation processing .....  | 10          |
| 6.3.5              | Speech synthesis .....   | 12          |
| 6.4                | Resources .....  | 12          |
| 6.4.1              | Knowledge base .....   | 12          |
| 6.4.2              | Data resources .....   | 13          |
| 6.5                | Computing infrastructures .....  | 13          |
| 6.5.1              | Cloud and edge computing .....   | 13          |
| 6.5.2              | AI and ML systems .....  | 14          |
| 6.5.3              | Network .....  | 14          |
| 7                  | Functional requirements and recommendations of FDX speech interaction UI ..... | 14          |
| 7.1                | General requirements and recommendations .....                                 | 14          |
| 7.2                | Interaction task requirements and recommendations .....                        | 15          |
| 7.3                | Functional component requirements and recommendations .....                    | 15          |
| 7.3.1              | Acoustic acquisition requirements and recommendations .....                    | 15          |
| 7.3.2              | Speech recognition requirements and recommendations .....                      | 15          |
| 7.3.3              | Conversation processing requirements and recommendations .....                 | 16          |
| 7.3.4              | Speech synthesis requirements and recommendations .....                        | 17          |
| 7.4                | Resource requirements and recommendations .....                                | 17          |
| 7.5                | Computing infrastructures requirements and recommendations .....               | 17          |

|            |  |           |
|------------|--|-----------|
| <b>8</b>   | <b>Processes of FDX speech interaction UI .....</b>                            | <b>18</b> |
| <b>8.1</b> | <b>General .....</b>   | <b>18</b> |
| <b>8.2</b> | <b>Engineering process .....</b>   | <b>18</b> |
| <b>8.3</b> | <b>Interaction process .....</b>   | <b>19</b> |
| <b>9</b>   | <b>Security and privacy considerations of FDX speech interaction UI .....</b>  | <b>20</b> |
|            | <b>Annex A (informative) Example scenarios of FDX speech interaction .....</b> | <b>21</b> |
|            | <b>Bibliography .....</b>  | <b>23</b> |
