# DIN EN ISO 20685:2006-02 (E)

## 3-D scanning methodologies for internationally compatible anthropometric databases (ISO 20685:2005)

## Contents

Page

Foreword ..... 2

Introduction ..... 4

1 Scope ..... 5

2 Normative references ..... 5

3 Terms and definitions ..... 5

4 Accuracy of extracted measurements ..... 9

5 Research designs for establishing accuracy of body dimensions extracted from scanners ..... 12

6 Method for estimating the number of subjects needed ..... 13

Annex A (informative) Methods for reducing error in 3-D scanning ..... 15

Bibliography ..... 24
