DIN EN ISO 9920:2007-10 (E)

Ergonomics of the thermal environment - Estimation of thermal insulation and water vapour resistance of a clothing ensem ble (ISO 9920:2007)

Contents

Page

Foreword ... 4

Introduction ... 5

1 **Scope** ... 6

2 **Terms and definitions** ... 6

3 **Application of this International Standard** ... 10

4 **Estimation of thermal insulation of clothing ensemble based on tables and with values measured on a standing thermal manikin** ... 12
4.1 **General** ... 12
4.2 **Insulation values of complete ensembles** ... 13
4.3 **Ensemble thermal insulation values based on individual garments** ... 13
4.4 **Complete ensemble insulation corrected for small differences in composition** ... 13
4.5 **Calculation of thermal insulation for clothing ensembles** ... 14
4.6 **Calculation of thermal insulation for individual garments** ... 14

5 **Estimation of clothing area factor** ... 15

6 **Estimation of surface (or boundary) air layer insulation** ... 15

7 **Estimation of water vapour resistance** ... 17
7.1 **General** ... 17
7.2 **Estimation of vapour resistance of clothing ensembles based on tables with values measured on standing thermal manikin** ... 17
7.3 **Estimation of vapour resistance of clothing ensemble based on its relation with dry heat resistance** ... 17

8 **Influence of body movement and air movement on the thermal insulation and vapour resistance of a clothing ensemble** ... 18
8.1 **General** ... 18
8.2 **Correction of clothing insulation** ... 18
8.3 **Correction of clothing vapour resistance** ... 23
8.4 **Activities other than walking** ... 25
8.5 **Relative air velocity** ... 25

9 **Other factors influencing clothing insulation** ... 27
9.1 **General** ... 27
9.2 **Posture** ... 27
9.3 **Effect of seats** ... 27
9.4 **Effect of pressure** ... 27
9.5 **Wetting** ... 27
9.6 **Washing** ... 27

Annex A (normative) **Thermal insulation values for clothing ensembles** ... 28

Annex B (normative) **Thermal insulation values for individual garments** ... 50

Annex C (normative) **Vapour permeability index values for clothing ensembles** ... 77

Annex D (informative) **Measurement of thermal insulation and water vapour resistance of clothing ensembles on a thermal manikin** ... 92

Annex E (informative) **Measurement of thermal insulation and water vapour resistance of a clothing ensemble on human subjects** ... 98

Annex F (informative) **Different expressions for the thermal insulation of clothing** ... 100

Annex G (informative) **Estimation of the heat exchanges for reflective clothing** ... 102

Annex H (informative) **Guidance on the determination of the covered body surface area** ... 104

Bibliography ... 106
