

DIN 6935:2011-10 (E)

Cold bending of flat rolled steel

	Contents	Page
Foreword		3
1 Scope		4
2 Normative references		4
3 Bending radii		4
3.1 General		4
3.2 Bending angle and thickness s		4
4 Key to materials		6
5 Minimum leg length		6
6 Permissible deviations for angular positions on bending sections		6
7 Calculation of developed lengths		7
8 Representation and position of bend lines for developments		10
9 Dimensioning and calculation of developed lengths (examples)		10
10 Development and marking of bend line position (example)		12
Bibliography		13
