Production equipment for microsystems - Interface between end effector and handling system

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Normative references		1
3 Terms and definitions		2
4 General		3
5 Interface definitions		4
5.1 Coordinate system		4
5.2 Layer 1 -- Mechanical interface		4
5.3 Layer 2 -- Service interface		8
5.4 Layer 3 -- Bus interface part		11
5.5 Tolerances		14
5.6 Load-bearing capacities		14
5.7 Designation		15
Annex A (normative) Tests procedure for fixation interface, pR		16
Bibliography		17
