Cardiovascular implants and artificial organs - Checklist for preoperative extracorporeal circulation equipment setup

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Requirements 1
2.1 Patient information 1
2.2 Sterility/cleanliness 2
2.3 Pumps 2
2.4 Cardioplegia 4
2.5 Gas supply 4
2.6 Vacuum supply 5
2.7 Components 5
2.8 Safety mechanisms 6
2.9 Assisted venous return 6
2.10 Monitoring 7
2.11 Anticoagulation 7
2.12 Temperature control 7
2.13 Supplies 7
2.14 Backup 8
2.15 Emergency reinitiation of bypass 9

3 Documentation 9
3.1 Completion of the checklist 9
3.2 Retention of the checklist 9
3.3 Expiration date 9
3.4 Operator's manuals 9

4 Devices or equipment not part of the extracorporeal circuit 9
