## Implants for surgery - In vitro evaluation for apatite-forming ability of implant materials

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Apparatus .....	2
5	Test specimen .....	2
5.1	Specimen configuration and size .....	2
5.2	Specimen preparation .....	3
6	Simulated body fluid .....	3
6.1	General .....	3
6.2	Reagents for SBF .....	3
6.3	Preparation of SBF .....	4
6.4	Confirmation of ion concentration of SBF .....	6
6.5	Preservation of SBF .....	6
7	Procedure .....	6
8	Test report .....	8
Annex A (informative) Apparatus for preparing SBF .....		9
Annex B (informative) Preparation of standard glasses for evaluating apatite-forming ability .....		10
Bibliography .....		12
