Tissue-engineered medical products - Evaluation of anisotropic structure of articular cartilage using DT (Diffusion Tensor)-MR Imaging

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Terms and definitions	1
3	Principle	3
4	Diffusion tensor magnetic resonance imaging (DT-MRI) data observation in articular cartilage	3
4.1	DT-MRI measurement process	3
4.2	Notes on setting of DT-MRI imaging parameters for articular cartilage	4
4.3	Measurement indices for structural evaluation of articular cartilage by DT-MRI	5
Annex A (informative) Measurement Results		10
Bibliography		23
