## Optics and photonics - Preparation of drawings for optical elements and systems - Part 19: General description of surfaces and components

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Referencing .....	2
4.1	General .....	2
4.2	Coordinate system .....	3
4.3	Sign convention .....	3
5	Drawings specifications .....	4
5.1	General .....	4
5.2	Specification of surface form tolerances .....	4
5.3	Specification of centring tolerances .....	5
5.4	Tolerance specifications for surface imperfections and surface texture .....	5
6	Data exchange .....	6
7	Data reduction .....	6
Annex A (informative) Mathematical description, data formats, and data reduction .....		7
Bibliography .....		12
