## Respiratory protective devices - Human factors - Part 1: Metabolic rates and respiratory flow rates

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Activity and metabolic rate .....	2
5	Metabolic rate and oxygen consumption .....	4
6	Oxygen consumption and minute volume .....	5
7	Minute volume and peak inspiratory flow rates .....	7
7.1	Normal breathing .....	7
7.2	Speech and breathing .....	8
7.3	Sneezing and coughing .....	10
8	Individual variation and gender aspects .....	12
Annex A (informative) Examples for the use of data .....		15
Bibliography .....		18
