## Optics and photonics - Environmental requirements - Test requirements for telescopic systems

---

| <b>Contents</b>    |   | <b>Page</b> |
|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| Introduction ..... |   | v           |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....  | 1           |
| 3                  | Terms and definitions .....   | 2           |
| 4                  | Subdivision of the instrument group "telescopic systems" .....                    | 2           |
| 5                  | Designation of environmental requirements and environmental tests .....           | 3           |
| 6                  | Specification of technical requirements and appropriate environmental tests ..... | 3           |
| 6.1                | Acceleration of free fall .....   | 3           |
| 6.2                | Binoculars, monoculars and spotting scopes (instrument types 01 and 02) .....     | 3           |
| 6.3                | Telescopic sights (instrument type 03, 04 and 05) .....                           | 6           |
| 6.4                | Astronomical telescopes (instrument type 06 and 07) .....                         | 8           |
| 7                  | Procedure .....   | 9           |
