European foreword 4

!European foreword to Amendment 1" 6

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 93/42/EEC 7

Foreword 9

1 Scope 10

2 Normative references 10

3 Terms and definitions 10

4 Intended performance 11

5 Design attributes 11
5.1 General 11
5.2 Concentration of the components 11
5.3 Water used 12
5.4 Characterization of the finished product 12
5.4.1 General 12
5.4.2 pH and buffering capacity 12
5.4.3 Chemical and biological contaminants 12
5.4.4 Osmolality 13
5.4.5 Spectral transmittance 13
5.4.6 Particulates 13

6 Design evaluation 14
6.1 General 14
6.2 Preclinical evaluation of biological safety 14
6.2.1 General 14
6.2.2 Bacterial endotoxins test 14
6.2.3 Intraocular irritation and inflammation 14
6.3 Clinical evaluation 15

7 Sterilization 15

8 Product stability 15

9 Packaging 16
9.1 Protection from damage during storage and transport 16
9.2 Maintenance of sterility in transit 16

10 Information supplied by the manufacturer 16

Annex A (informative) Example of a suitable method for pH measurement and buffer capacity determination 18

Annex B (normative) Particulate contamination: Visible particulates 19

Annex C (informative) Light obscuration test method for particulate contamination: subvisible particles **20**

Annex D (informative) Microscopic test method for particulate contamination: subvisible particles **22**

Annex E (normative) Intraocular irrigation test **27**

Annex F (informative) Clinical investigation **28**

Bibliography **31**
