|--------------------|--|-------------|
| Foreword .....     |  | iv          |
| 1                  | Scope .....                                    | 1           |
| 2                  | Normative references .....                     | 1           |
| 3                  | Terms and definitions .....                    | 1           |
| 4                  | Requirements .....                             | 1           |
| 4.1                | General .....                                  | 1           |
| 4.2                | Measurement accuracy (field of view) .....     | 2           |
| 4.3                | Measurement accuracy (direction of view) ..... | 2           |
| 5                  | Apparatus .....                                | 2           |
| 5.1                | Method A (distal window reference) .....       | 2           |
| 5.2                | Method B (entrance pupil reference) .....      | 2           |
| 6                  | Test methods .....                             | 3           |
| 6.1                | Method A .....                                 | 3           |
| 6.2                | Method B .....                                 | 3           |
| 7                  | Test report .....                              | 4           |
| Bibliography ..... |  | 8           |
