ISO 10110-12:2019-11 (E)

Optics and photonics - Preparation of drawings for optical elements and systems - Part 12: Aspheric surfaces

Contents

Page

Foreword iv

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Mathematical description of aspheric surfaces 2
4.1 Coordinate system 2
4.2 Sign conventions 2
4.3 Surface descriptions 3
4.3.1 General 3
4.3.2 Surface description -- Rotationally invariant (h2 = x2 + y2) 3
4.3.3 Surface description -- Rotationally variant 7

5 Indications in drawings 10
5.1 Indication of the theoretical surface 10
5.2 Indication of surface form tolerances 11
5.3 Indication of centring tolerances 11
5.4 Indication of surface imperfection and surface texture tolerances 11

6 Examples 11
6.1 Parts with rotationally invariant surfaces 11
6.2 Parts with rotationally variant surfaces 17

Annex A (informative) Summary of aspheric surface types 19

Annex B (informative) Description of orthonormal in slope aspheres 22

Annex C (informative) Description of orthonormal in amplitude aspheres 24
