ISO 16321-2:2021-03 (E)

Eye and face protection for occupational use - Part 2: Additional requirements for protectors used during welding and related techniques

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Requirements **1**

4.1 General 1

4.2 Field of view 2

4.3 Requirements for welding filters 2

4.3.1 Transmittance requirements and scale numbers 2

4.3.2 Narrow angle scatter (reduced luminance coefficient) 4

4.3.3 Minimum robustness for unmounted welding filters (Static Load Test) 4

4.3.4 Resistance to UV radiation 5

4.4 Automatic welding filters 5

4.4.1 General 5

4.4.2 Transmittance requirements 6

4.4.3 Luminous transmittance variation over time for automatic welding filters 7

4.4.4 Variation in luminous transmittance for automatic welding filters 7

4.4.5 Switching time and holding time of automatic welding filters 8

4.4.6 Manual control of dark shade number 9

4.4.7 Resistance to thermal exposure of automatic welding filters 9

4.4.8 Optical sensitivity of welding arc detection by automatic welding filters (Optional requirement) 10

4.4.9 Resistance to surface damage due to fine flying particles (Optional requirement) 10

5 Requirements for welding helmets, welding hand shields, welding frames and welding mountings **10**

5.1 Optical requirements 10

5.1.1 Non-filter area transmittance 10

5.1.2 Luminous reflectance of welding helmets and welding hand shields 10

5.2 Physical and mechanical requirements 11

5.2.1 Area to be protected for welding helmets 11

5.2.2 Light tightness of welding protectors 11

5.2.3 Drop robustness for welding protectors 11

5.2.4 Electrical insulation of welding helmets and welding hand shields 11

5.2.5 Resistance to penetration by hot solids of welding helmets and welding hand shields 11

5.2.6 Dimensions and mass of welding hand shields 11

6 Marking of welding protectors **12**

6.1 General 12

6.2 Mandatory markings on welding filters 12

6.3 Mandatory markings on welding protectors except for welding filters 12

6.4 Optional markings on welding filters 13

6.5 Optional markings on welding protectors except for welding filters 13

6.6 Examples of markings 13

7 Information to be supplied by the manufacturer **14**

Bibliography **15**
