ISO 9713:2022-01 (E)

Neurosurgical implants - Self-closing intracranial aneurysm clips

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Description of aneurysm clips 2
4.1 Mechanism of action 2
4.2 Geometry 2
4.3 Blade closing surface 2

5 Indication of dimensions 3

6 Materials 3

7 MRI safety assessment 5

8 Design requirements 5
8.1 Closing force 5
8.1.1 Measurement of actual closing force of clips 5
8.1.2 Tolerance on nominal closing force 6
8.1.3 Reduction of closing force 6
8.2 Verification of blade surface 6
8.3 Assessment of maximum blade opening 6

9 Supplying condition and sterilization 6

10 Packaging 6

11 Information supplied by the manufacturer 7
11.1 General 7
11.2 Implant processing by user 7
11.3 Label 7
11.4 Instructions for use 7
11.5 Information for the patient 7
11.5.1 General 7
11.5.2 Patient record label 8
11.5.3 Patient card 8
