## Implants for surgery - Ultra-high-molecular-weight polyethylene - Part 3: Accelerated ageing methods after gamma irradiation in air

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	<b>Scope</b> .....	1
2	<b>Normative references</b> .....	1
3	<b>Terms and definitions</b> .....	1
4	<b>Material</b> .....	2
5	<b>Apparatus and test specimens</b> .....	2
6	<b>Validation of apparatus</b> .....	2
7	<b>Conditioning</b> .....	2
8	<b>Significance and use</b> .....	2
9	<b>Accelerated ageing procedure</b> .....	3
10	<b>Reporting</b> .....	3
10.1	<b>General</b> .....	3
10.2	<b>Test specimen preparation</b> .....	3
10.3	<b>Chronology</b> .....	3
10.4	<b>Test specimen storage conditions</b> .....	3
10.5	<b>Ageing method</b> .....	3
Bibliography .....		4
