

DIN ISO 10110-11:2026-06 (E)

Optics and photonics - Preparation of drawings for optical elements and systems - Part 11: Non-toleranced data (ISO 10110-11:2025)

Contents		Page
Foreword	iv
Introduction	vi
1 Scope	1
2 Normative references	1
3 Terms and definitions	1
4 Default values for non-toleranced data	2
4.1 Background	2
4.2 Application of default tolerances	2
4.3 Table of default tolerances	2
4.4 Cases in which default tolerances are not provided	3
4.4.1 General	3
4.4.2 Effective aperture	4
4.4.3 Laser irradiation damage threshold	4
Bibliography	5
