Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 5

4 Common provisions for implantation test methods 5
4.1 General 5
4.2 Preparation of specimens for implantation 5

5 Test methods, general aspects 6
5.1 Tissue and implantation site 6
5.2 Animals 6
5.3 Test periods 7
5.4 Surgery and testing conditions 8
5.5 Evaluation 9

6 Test report 11

Annex A (informative) General considerations regarding implantation periods and tissue responses to degradable/resorbable materials 12

Annex B (normative) Test methods for implantation in subcutaneous tissue 13

Annex C (normative) Test method for implantation in muscle 15

Annex D (normative) Test method for implantation in bone 17

Annex E (informative) Examples of evaluation of local biological effects after implantation 20

Bibliography 22

Annex ZA (informative) Clauses of this International Standard addressing essential requirements or other provisions of EU Directives 90/385/EEC for Active Implantable Medical Devices and 93/42/EEC for Medical Devices 25
