Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Requirements 2
4.1 Classification 2
4.2 Applications 2
4.3 Limiting characteristics 2

5 Quality Verification 3
5.1 Hydrogen fuel qualification test 3
5.2 Lot acceptance tests 3

Annex A (informative) Rationale for the selection of non-hydrogen constituents 5

Bibliography 7
