Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Termsanddefinitions 5

4 Requirements 6
4.1 Recommendations of an effective odorant 6
4.2 Composition of odorants 7
4.3 Cloud point 7
4.4 Phase properties 7
4.5 Evaporation residue 7
4.6 Insoluble matter 7
4.7 Solubility in water 7

5 Handling and transport 8

6 Tests 8
6.1 Test sample 8
6.2 Test documentation 8
6.3 Determination of composition 8
6.4 Determination of cloud point 8
6.5 Determination of phase properties 8
6.6 Determination of evaporation residue 8
6.7 Visual examination for solids or suspended matter 9
6.8 Determination of solubility in water 9

7 Labelling and documentation 9
7.1 Labelling 9
7.2 Documentation 10

Annex A (informative) Properties of odorants 11
