## Natural gas - Odorization

---

	Contents	Page
Foreword .....	iv	
Introduction .....	v	
1 Scope .....	1	
2 Normative references .....	1	
3 Terms and definitions .....	1	
3.1 General .....	1	
3.2 Specific definitions for the gas odorants .....	2	
4 General requirements for natural gas odorants .....	2	
5 General remarks on odorant behaviour .....	2	
5.1 Seals and membranes .....	2	
5.2 Pipelines .....	2	
5.3 Buried pipeline .....	3	
6 Safety precautions .....	3	
6.1 Handling of odorants .....	3	
6.2 Masking and remediation .....	3	
6.3 Transportation and storage .....	4	
7 Odorization technique .....	4	
7.1 Centralized or decentralized odorization .....	4	
7.2 Odorizer .....	5	
7.3 Constructional measures .....	6	
7.4 Pressure resistance .....	6	
7.5 Addition of odorant .....	7	
8 Necessary odorant addition .....	7	
8.1 General remarks .....	7	
9 Control of odorization .....	8	
9.1 General .....	8	
9.2 Check of odorization equipment and systems .....	8	
9.3 Control of odorization of the gas .....	8	
9.4 Odour complaints .....	8	
Bibliography .....	9	
National standards or regulations .....	10
