

DIN EN 1473:2021-12 (E)

Installation and equipment for liquefied natural gas - Design of onshore installations

Contents		Page
European foreword		4
Introduction		5
1	Scope	6
2	Normative references	7
3	Terms, definitions and abbreviated terms	11
3.1	Terms and definitions	11
3.2	Abbreviations	17
4	Quality management system	18
5	Site assessment	18
5.1	General and plant description	18
5.2	Geotechnical	18
5.3	Meteorological and Oceanographic	20
5.4	Environmental	21
5.5	Surroundings	23
5.6	Seismic	23
5.7	Hydrology	24
5.8	Social	24
6	Risk management	25
6.1	General	25
6.2	Hazard and risk assessment methodologies	26
6.3	Scenario identification	31
6.4	Consequence and impact assessment	32
6.5	Estimation of frequencies and probabilities	36
6.6	Safety improvement	36
6.7	Reviews	37
6.8	Safety during operation	37
7	Design	38
7.1	General	38
7.2	Civil structures	39
7.3	Electrical	53
7.4	Mechanical and piping design/material selection	56
7.5	Process automation and controls	66
7.6	Process technical safety	72
7.7	Marine transfer systems	75
7.8	Storage unit	77
7.9	Rotating equipment	81
7.10	Regasification and send-out unit	83
7.11	Trailer loading unit	84
7.12	Liquefaction unit	84
7.13	Buildings	84
7.14	LNG and NG quality measurement	85
7.15	Custody transfer flow metering	86
7.16	Boil-Off Gas (BOG) systems	86
7.17	Flare/vent system	89

7.18	Utilities	91
	Annex A (normative) Thermal radiation threshold values	94
	Annex B (normative) Definitions of reference flow rates	97
	Annex C (informative) Seismic classification	101
	Annex D (normative) Specific requirements for LNG pumps	103
	Annex E (normative) Specific requirements for LNG vaporizers	109
	Annex F (normative) Criteria for the design of pipes	115
	Annex G (informative) Description of the different types of onshore LNG installations	116
	Annex H (informative) Trailer loading unit	118
	Annex I (informative) Frequency ranges	120
	Annex J (informative) Classes of consequence	121
	Annex K (informative) Levels of risk	122
	Annex L (informative) Typical process steps of liquefaction	124
	Annex M (informative) Odorant systems	133
	Bibliography	136
